

Caregivers Alberta

Strategic Direction

“CAREGIVER”

A family member or friend who assists a loved one living with an illness, disability, or age-related challenges.

OUR VISION

To promote an Alberta where caregivers are valued, recognized, and supported.

OUR MISSION

To empower caregivers and promote their well-being through support, information, education, and leadership.

CORE VALUES

Caregivers Alberta

is committed to...

CAREGIVER SUPPORT

Supporting caregivers through the development and delivery of programs and services that address caregivers' needs.

STRATEGIC COLLABORATION

Developing partnerships and collaborating with not-for-profit organizations, government agencies and the private sector to promote and facilitate access to caregiver support services

ADVOCACY

Influencing healthy public policy to ensure that the health and social systems recognize and support caregivers

Our commitment is turned into action through the following strategies:

- Raise the profile of and public support for caregivers and Caregivers Alberta through advocacy
- Provide programs that meet the information, education, support, networking needs of caregivers
- Influence and affect system change at all levels to recognize and support caregivers and address their needs
- Expand the reach of Caregivers Alberta to support communities and their caregivers throughout Alberta, including rural communities
- Ensure the growth, sustainability, relevancy and effectiveness of the Caregivers Alberta organization
