

Self-Care

What is it? We often hear about it, or we are told to “take care of ourselves” – what does this mean? Anything you (the caregiver) do to take care of yourself; something just for YOU. It is NOT the things you have to do (like work, studying, errands, housework, caregiving). It includes taking care of your self:

- Physically (health and wellness)
- Psychologically (stress reduction)
- Emotionally
- Spiritually

It can be done alone or with the help of professionals, groups, instructors, family, counselors, or even with books, classes, and the internet. Caregivers often see self-care as selfish and say things like “there’s no time, I’m too busy.” As caregivers we often put ourselves last. If you don’t take the time to care for yourself you will be the next patient - and then what? We all need balance in our lives.
